---

Join Timber Wolf Alliance and the Discovery Center for a “*Weekend with Wolves*” workshop. Learn about wolf ecology, wolf monitoring techniques, and the latest wolf issues from biologists and educators. Time will be spent in the classroom and in the field surveying wolf pack territories. Participants will assist with wolf howling surveys and learn techniques in wolf tracking and radio telemetry. This workshop meets the ecology qualifications for becoming a DNR Volunteer Carnivore Tracker assisting with the winter wolf counts. The workshop begins at 8:00a.m. on August 7 and ends at 1:00p.m. August 8.
